Location	:	Johannesburg, Gauteng
Nationality	:	South African
EE	:	Black Male

CORE COMPETENCIES

- **Competent in Microsoft Word, PowerPoint, Excel, SQL, HTML and CSS, JavaScript, Java and Python.**
- **Git and GitHub**
- **DevOps and Linux Operating Systems**
- **Terminal and Command Line Interface (CLI)**
- Good understanding of applicable laws, standards, and specifications.
- **Ability to reflect on one's own work as well as the wider consequences of financial decisions.**
- **Business Acumen and interest.**
- **High levels of accuracy by keeping attention to detail and correctness.**
- **Computer Science, Statistics and Mathematical Proficiency.**
- **Always maintain a proactive approach in the working environment for ease in taking ownership and accountability.**
- **Excellent Coding skills and Data analysis skills**
- Ability to accurately track compile reports.
- Highly motivated, energetic, Sound judgement and good reasoning abilities.
- Good managerial and interpersonal skills and ability to work under pressure.
- Time management, Organizational and planning skills.
- **Great team player and can work well independently.**
- I have high level of leadership and decision-making skills.
- Problem Solving, Good communication and Analysis skills.

EXPERIENCE

[Training] **[Zero to Mastery Academy (Complete Python Developer 2023)]**
[September 2022– December 2022]

Duties Include:

- Python 3 Developer
- Built my Portfolio website
- Built 12+ projects
- Web Development
- Machine Learning + more

[Student Programmer]
[March 2019 – July 2019]

[University of Limpopo]

Duties Include:

- I was Part of group of student programmers called ki - intelligence, it was group of student programmers who are interested to learn coding and about 4th industrial revolution. We travelled in and out of the university meeting with other people in the field of information technology(IT) who exposed us to the field of science and technology
- Developed **an Online Communication Hub** system which allowed students to interact with the centre for Student counselling and Academic Excellence At the university of Limpopo.

EDUCATION

Institution	:	University of Limpopo
Qualification	:	Bachelor of Science in Mathematical Science(statistics And computer science)
Status	:	Completed
Institution	:	Zero to Mastery Academy
Qualification	:	Complete Python Developer 2023:zero to mastery
Status	:	Completed

ACHIEVEMENTS

- Achieved 71% in Computer Science final mark (with 2 distinctions in Artificial intelligence and Introduction to Database Systems)
- Class prefect (afternoon group study number improved from 5 to 18, the total number of learners in class) .
- Formed part of Afternoon Tutorial Sessions with other students called Potential Driven Students(PDS).
- Obtained Certificate from HUAWEI for 4IR Huawei 5G Fundamental Training, 31 August 2021.
- Obtained Certificate from Udemy for Complete Data science BootCamp 2022, May 2022.

LEADERSHIP

Final Year Computer Science Project Leader: **[Jan 2021- Oct 2021]**

- Led a group of Students in the final year computer science project and Scored position number one for the presentations under my Supervisor - 2021 University of Limpopo.

GOALS

- **To achieving my set goals and keeping myself dynamic in the changing scenario to become a Senior Software Developer and or a Professional Computer Scientist.**
- To become an excellent **Developer Specialist** taking up challenging works in the Industrial structure with creative and diversified Projects and to be part of a Constructive and fast-Growing World.
- To make a position for myself in the competitive corporate world and contribute to achieving the goals on both professional and personal level.
- **To work in an environment that challenges me to improve and constantly thrive for perfection in all the tasks allotted to me so that I can be able to showcase my Technical Knowledge and skills.**

VOLUNTEER WORK

- During my final year at the university, there was a project that needed me to go out and find an organization and develop a system for them to showcase my skills. As a result I volunteered to build Church management System for a certain Church.
